  - Ohio's 4<sup>th</sup> District

## And last...but not least...

This is a picture of a couple you almost certainly won't recognize but they're the Grandparents of one of the most famous musicians of all time.

**If you know, Don't shout it out!!!**

The Grandfather's name is Landy Ross. The Grandmother's name is Nora.....

Landy was born and raised in Urbana and the couple is buried here in Urbana's Oak Dale cemetery just around across town.

Who was their Grandson?

Name this famous musician...

Jimmy Hendrix

## Another quick fact...The Lincoln Burial Train

After Lincoln's assassination on April 14, 1865, the funeral train left Washington DC on April 21, 1865. It had nine cars, including a baggage car, hearse car, and the President's car (built for use by the president and other officials and containing a parlor, sitting room, and sleeping apartment). The President's car was draped in mourning and carried the coffins of Lincoln and his son.

The train not only ran through Urbana on its way to Illinois, but it stopped in town at a station that's now a local coffee shop and restaurant called...The Depot. **Great place to take your customers for breakfast and lunch!**

# Visiting Urbana and Champaign County...

Although a small town, Urbana is a thriving small community that's safe, friendly and full of things to do, such as...

## Restaurant's and Bars:

- |   |                           |                                       |

## Visiting Urbana and Champaign County...

What's that???

There's a possibility of a  
Distillery coming to  
town?

# Facts About Our Beautiful New Facility...

- The birthplace for every Sutphen, non-commercial, truck
- Nearly 200,000 sq. ft., including office areas
- Dedicated production and service areas with a 5-degree tilt pad and test pond
- The unique cross-shape was derived by management, staff and the production teams meeting to agree on the best way to process “the business” given all the different activities.
- The shape lends itself to efficient expansion at lower cost by simply “closing in” the 2 East corners.
- The facility with parking only consumes less than half to a third of 54 available acres.
- Space for many years to come!
