## SUTPHEN TRUCK DRAWING TITLE BLOCKS

---

### OVERVIEW

In an effort to unify our customers' perception of Sutphen being one company and protect the company from any discrepancies between a Sutphen specification and truck drawing, all facilities will be utilizing the same title block.

All truck drawings (both in production trucks and proposals) created 5/6/2013 and later will use this new title block.

This title block adds additional disclaimers to protect the company and also lists Sutphen Corporation as the company in the bottom right corner.

A copy of this new title block has been included with this Sales Technical Bulletin email. A few screen shots have been included on the next page.

If you have any questions about this new title block, please contact your appropriate Sales Application Engineer.
