

KEYLESS ENTRY OPTION UPDATE

OVERVIEW

The Sales Department would like to inform the dealer network of an update for the following option.

11031375 - CAB DOOR LOCKS, ELECTRIC (KEYLESS ENTRY)

The manufacturer Essex Electronics has informed us that they will be discontinuing the option for red backlighting for the keyless entry touch pads. From this point forward the only option will be the blue backlighting seen above.

Again we are sorry for any inconvenience this may cause, but we will continue to strive to keep our dealer network updated on situations like this. If you have any other questions please feel free to contact your Sales Territory Manager.
