SUTPHEN CORPORATION SALES TECHNICAL BULLETIN

PRO ONE GREASE APPLICATION

OVERVIEW

The Sales Department would like to inform the dealer network that the use of Pro One EP-2 grease has now been approved for use on Sutphen products. Please refer to the details below on this particular product application.

- •Pro One is approved for all chassis applications requiring grease.
- •Pro One is approved for all Dublin applications for chassis and aerials requiring grease.
- •Pro One is approved for Hilliard chassis applications only. This product has not been validated on the boom, but there is plans to do so in the future. At this time the only grease approved for Hilliard Aerial devices is Prizm.

For those of you not familiar with Pro One grease. A product bulletin has been attached for reference. You may also visit their website for more info at https://www.pro1energy.com/products/rig-maintenance/ep-2-multipurpose-grease/.

Ordering process: The attached warehouse order form is for smaller orders under \$600. The attached Drop Ship order form comes from our manufacturer and are ordered by the case only and usually sent on pallets. Please note there is a price break on the Drop ship orders.

Delivery Terms/Times: All orders will be sent to the warehouse or Mfg the day they are submitted.

Payment Terms/Methods: An invoice will be sent once the item has arrived to you or the customer. Request for payment must be completed in 3 weeks on warehouse items once they have been received. For the drop ship items, Pro One is requesting 50% upfront and 30 days for the balance after the items have been received. They will take credit cards, ACH Transfer, or check. All invoicing with be via e-mail.

EP-2 Industrial Grease

Extreme Pressure Performance from **-40°F** to **615°F!**

Delivers outstanding extreme pressure protection to help maximize equipment life and performance, and help save energy, even under the harshest conditions. And with no harmful additives, this premium grease is environmentally friendly!

Approved by Ford TOX# 185984

ADVANTAGES:

- •Extreme pressure protection
- Heavy load carrying capability
- Shear stability
- Oxidation resistant
- Corrosion resistant
- ·Reduces noise
- Reduces downtime
- •Reduces power consumption
- •Cling capability
- ·Seal compatibility
