

## EXTERIOR CAB COMPARTMENT OPTIONS

### OVERVIEW

The Sales Department would like to inform the dealer network that the following options have been obsoleted, and replaced with new options that expand the offerings for exterior cab compartments on a 73" cab. If you have any questions on the updated options below or need help with configuration please contact your STM for further assistance.

(OBS) 11030210 EXTERIOR COMPTS, SIDE OF EXT CAB 37" H

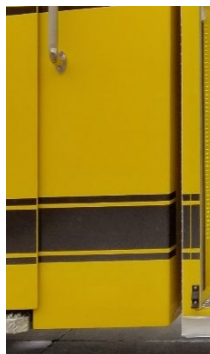

(OBS) 11030215 EXTERIOR COMPTS, SIDE OF EXT CAB, TRANSVERSE 37" H

(OBS) 11030220 EXTERIOR COMPTS, SIDE OF EXT CAB, TRANSVERSE 60" H

The following selectable options have been added to SQS2 to replace the options above.

## EXTERIOR CAB COMPARTMENT OPTIONS

### CONTINUED

11032100 NO OPENING TO CREW SEAT COMPT

This option would be chosen if you did not want to have access from the compartment to the seat riser in the cab. This option will come in standard on the 24" high compartment as the compartment is not tall enough to have interior access.

11032110 OPENING TO DRIVER'S SIDE CREW SEAT COMPT

11032120 OPENING TO OFFICER'S SIDE CREW SEAT COMPT

Instead of calling out a standard transverse compartment option you can now chose if you want access from the driver's side or the officer's side. If you wish to have a transverse compartment thru the crew seat riser then you would select both options pertaining to their corresponding sides.

Please note that if the clean cab style exterior compartment is chosen this option will come in automatically as you need an opening to the crew seat riser for the slide-out to stow into that area.

11032140 FULL HEIGHT TRANSVERSE 60" H

11032150 FULL HEIGHT TRANSVERSE 80" H

The full height transverse compartments are only available on the 60" and 80" high options. This will create a floor to ceiling wall that will separate the transverse from the rest of the cab. If this option is chosen then a double seat riser will be the only option in the back of the cab just like what is installed in a 56" or 62" cab.

11032200 INTERIOR ACCESS, NOT PROVIDED

11032210 INTERIOR ACCESS, BLACK WEBBING

11032220 INTERIOR ACCESS, ALUMINUM HINGED DOOR

11032230 INTERIOR ACCESS, PLEXIGLASS HINGED DOOR

11032240 INTERIOR ACCESS, ROLL-UP DOOR, ROM

11032250 INTERIOR ACCESS, ROLL-UP DOOR, AMDOR

Interior access option are only available on 60" and 80" tall compartments, and allow you to have access from inside of the cab just like an EMS cabinet. Multiple different options are available for access to this compartment.
