Street : 6450 Eiterman Rd

Location: Dublin, Ohio 43016

Subject: Ward Diesel - No Smoke Exhaust Filter Systems

To Whom It May Concern:

Ward Diesel Filter Systems are not components manufactured by Cummins Inc. Cummins Inc. neither approves nor disapproves of any product not manufactured or sold by Cummins Inc. However, our Automotive Aftertreatment Installation Requirements (AEB 21.63) stipulate that the aftertreatment must not be connected to any other exhaust systems on the vehicle. In addition, Cummins Inc. certifies our engine and aftertreatment systems as a total package with the EPA. Therefore, any deviation to this certified configuration could render the engine as uncertified and unpermitted for use.
